Product Description

Goldens' Large Cast Iron Fire Pit

Goldens' Cast Iron 30 gallon Syrup Kettles can be used as wood-compatible Fire Pits, traditional syrup kettles, millstone fountains, or even garden planters! Inspired by the syrup kettles we made over 100 years ago, fire pits will host generations of fireside chats. They come pre-drilled to allow for rain to drain, for a gas line, or for the addition of a water feature. **Syrup kettles offer no paint and no pre-drilled hole by order.**
