Product Description

Goldens' Premium Hardwood Lump Charcoal

One of the best, all-natural, hardwood lump charcoals available! A classic blend of “sweet and heat” with 25% “sweet” Texas Mesquite and the “heat” of 75% American Oak. A smooth and mild smoky flavor with no off-notes, so it won’t overpower the flavor of your food. 100% natural with no fillers or additives, and it is easy to light so it burns longer, thereby offering you the true, wood-fired flavors you desire!
